Fast ForWord

Gateway Edition

We are pleased to announce that the Samaritan Center of North Puget Sound in partnership with the Snohomish First Presbyterian Church is hosting an eight-week day camp. We have secured access to the **Fast For Word Reading** program for children, thanks to a grant from the Kiwanis.

Based on over 30 years of brain research, the Fast For Word products have helped over 100,000 students boost reading and language skills, leading to improved learner performance. Parents often notice increased communication skills and increased self-esteem in and out of the classroom.

Each computer-based product accelerates learning by developing cognitive skills, memory, attention, processing, and sequencing, "Learning MAPS". Through frequency, adaptivity, simultaneous development, and timely motivation, the FAST Power Learning formula, reading and learning improve. Results are apparent in weeks, not years.

What does the Fast For Word family of products do for your child?

- Develop the foundational, cognitive skills that are critical for reading and learning
- Improve ability to follow directions
- Build listening skills
- Increase engagement in classroom discussions
- Generate new excitement for learning
- Increase self-esteem and confidence in learning

"Brain Building" Summer Reading Camp

June 25 through August 17, 2012

Morning Program : 9 am – 12:00

Afternoon Prog: 12:30 – 3:30 pm

1/2 or full day

(Extend 1 week through August 24, 2012 for those who need a week due to vacation or illness)

This summer we are providing services for children between first and sixth grade.

Each participant will:

- Spend an hour on the Fast ForWord program.
- Spend time in a small group practicing skills in Reading, Spelling and Expressive Language with reading, workbooks, crafts.

Full day participants will also:

- Spend time in recreation and game play.
- Outdoor play and recreation when the weather permits, indoor games, board games, etc.

Bring a sack lunch and water/juice, etc...

Staffed by responsible, trained and supervised volunteers, led by Ann M Uherek, Psy.D.
